Term 2 Notification Letter for Parents

Dear parents,

As we come to the end of the first term, I invite you to join us on our Positive Education journey to take “A Pause for Reflection”. “A Pause for Reflection” can be found on pages 31 – 34 of our student handbook. It is our way to introduce a simple Positive Psychology practice each term for students (and maybe parents as well) to stop and reflect on what we can do to live more positively. On the same page, we also ask students to reflect on how they have demonstrated one of our school values.

The *Practice for a Positive Life* this term is **Feeling Connected**. In a research study in 2011, participants who reflected on a time when they felt a strong connection with someone else reported greater feelings of connectedness and concern for others. They also reported a strong motivation to help others in the following weeks. Being able to help others in turn make us happier and improve our relationships with others.

So, join me to turn to page 31 of your children’s student handbook and think about the people who are important to you and why they matter. Then share what you have written with your children and ask them to share with you what they have written too. This could be an exercise that further strengthens your relationship with your children.

This March holidays, we also invite you to partner us in making reading a lifelong habit for your children. You may want to take them to the beautifully refurbished Bukit Panjang Public Library and spend a morning or afternoon looking for and sharing good books. Finally, find time to exercise together at park connectors nearby or simply take leisure walks with your children at the Pang Sua Pond boardwalk.

May you and your children have a restful break that nourishes the mind and strengthens the body.

Yours sincerely,

Mr Chua Choon Hock (Chris)
Principal

Student Matters

❖ **Class Photo-Taking on 28 and 29 March**

Class photo-taking will take place on 28 and 29 March 2018. Classes will be scheduled for their class photos to be taken on one of the days. The actual date will be disseminated through Form Teachers closer to the date. Students must be in school uniform with a neat hair style. If your child is having PE lesson on that day, please remind him/her to bring a spare set of school uniform to school.

❖ **Teaching our students Responsibility**

Recess and Lunch Break

We believe in developing your children to be independent. During their recess and lunch break, parents are not to go to the school canteen to buy food for their children. As the school canteen sells healthy set meals, parents are also discouraged from passing any food or asking their children to come out to the Parents' Waiting Area / Foyer during their recess and lunch break.

Punctuality

We seek parents' cooperation in ensuring that your children report punctually by 7.25am for Flag-raising and Pledge-taking ceremony. There is still a significant number of students who are coming late for school. Your child should be seated in the hall or parade square by 7.25am. We hope that parents will lead by example and help the school inculcate in our students the importance of punctuality as well as reinforce the significance of singing our National Anthem and reciting the Pledge.

❖ **Attire and Appearance**

We seek the cooperation of parents to help ensure that our students adhere to school regulations regarding attire and appearance. Students should report to school attired according to their timetables (in PE attire on days when they have PE lessons). Students should also have haircuts/hairstyles based on school regulations (further information can be found on page 10-12 of the Student Handbook). Please also make sure your child has his/her nametags sewn on their uniforms.
